Partner Search Support

Are you interested in participation in EU Research Projects within the Societal Challenge 6 "Europe in a changing world - inclusive, innovative and reflective Societies"?

You will be able to profit of our **online partner search service as soon as new calls are published.**

To spread your partner search, you can profit from our online partner search service. The National Contact Point (NCP) for Societal Challenge 6 in your country will automatically receive your filled in form and the partner search will be published within a short time here on the Net4Society project website.

The partner search service is open for all partner searches relating to topics of Societal Challenge 6 "Inclusive, innovative and reflective societies".

The Net4Society database will offer both profiles of partners interested in becoming involved in existing or currently forming consortia as well as partner searches of research consortia looking for specific additional partners.

NET4SOCIETY QUALITY CHECK

As special service for the research community, each country's NCP will carry out a quality check of partner or project searches before they are displayed online. All forms will be checked for completeness and relevance to the call.

Show non-call related profiles

If you are looking for networking opportunities with other SSH research beyond proposal preparations, have a look at our → Net4Society Research Directory - an online database of key SSH players.

Welcome to the Net4Society Research Directory

Net4Society is the network of National Contact Points for the Societal Challenge 6 and for Socio-economic Sciences and Humanities (SSH) in the EU-Framework Programme.

The Net4Society Research Directory is an English language online directory of actively involved RESEARCHERS and KEY PLAYERS in the Socio-economic Sciences and Humanities (SSH)

Why you should register?
The Net4Society Research Directory is designed to facilitate research cooperation in the context of the EU Research Programme.

Add your profile in the Research Directory and you will be able to find and to be found!

[Insert profile](#)

If you are a researcher who is actively involved in SSH research and interested in international cooperation, register yourself and help building a map of SSH research all over the world. Researchers from all types of institutions are welcome - large and small, universities and private companies.

[Search database](#)

Identify researchers who work in the area of Socio-economic Sciences and Humanities, either within the context of EU funded research or broader collaborative research and find international partners with the complementary expertise, profile or technology that you are looking for.

[Download the Net4Society leaflet](#)

[Net4Society newsletter](#)

Net4Society publishes two bi-annual newsletters for the SSH research community with latest information on SSH calls, news within the European Commission and latest research developments. Already published editions can be found on the [Net4Society web site](#)

COST

COST is supported by Horizon 2020, half of its budget comes from Societal Challenge 6.

COST does not fund research itself, but provides support for networking activities carried out within COST Actions. COST Actions are bottom-up science networks open to researchers and stakeholders, with a minimum participation of 5 COST Countries.

Your COST National Coordinator, lieve.vandaele@belspo.be can give you more information on how to participate or to introduce an Action proposal.
